

## Immediate Annuity Comparison

This chart compares rates and features on our most competitive Single Premium Immediate Annuities. You can use the “factors” on this chart as in the following example: A \$100,000 deposit into an EquiTrust SPIA for a 65 year old Male with a Life & 10 Year Period Certain payout option: 100 X 5.48 = \$548.00 Monthly. Factors cannot replace specific computer-prepared quotes. Please use these factors as a guide only. Factors listed below may not include premium taxes or policy fees if applicable and are subject to change.

### Sample Period Certain Rates \$/month/per thousand (\*QUALIFIED rates may vary)

PERIOD CERTAIN (A.M. BEST RATING)	American Equity (A-)	EquiTrust (B++)	Guggenheim Life & Annuity (B++)	North American Life (A+)	Integrity Life (A+)
